

Golden Gate Bird Alliance Corporate Team Volunteer Program

Bring your team to a Golden Gate Bird Alliance volunteer program to improve and restore bird habitat around the Bay Area. Enhance habitats for wildlife while promoting team building and comradery. Activities include shoreline cleanup, removing invasive plant species, planting native plants, and habitat maintenance.

Golden Gate Bird Alliance engages people to experience the wonder of birds and to translate that wonder into actions which protect native bird populations and their habitats. We are a not-for-profit 501(c)(3) organization and your generous support will help us continue our work, protecting endangered and threatened species and educating the public about birds and conservation.

Join an existing habitat restoration event: \$500

Each month Golden Gate Bird Alliance hosts several regular events, listed [here](#). For groups with fewer than 10 people, contact Janet Carpinelli at jcarpinelli@goldengatebirds.org.
